Dear Parents, Guardians, and Students:

We are pleased to announce that Pleasant Valley School, together with the PTA, will be hosting the 8th Annual Pleasant Valley Elementary School Science Fair. Please continue reading for additional information if your child is interested in participating.

What: 8th Annual Pleasant Valley School Science Fair

Who: All 4th, 5th, or 6th grade students are permitted to participate in this voluntary event. Students may work individually or in groups. (Groups may be with students across grade levels if applicable.)

When: Evening community Science Fair: April 2nd from 6 p.m. to 8 p.m.
Daytime School Science Fair: April 3rd from 9 a.m.-1:30 p.m.

Where: Pleasant Valley School gymnasium

Why: Students participate in active learning through inquiry, research, and experimentation and improve or increase their scientific knowledge.

If your child is interested, please take time to read through the following information and complete the necessary paperwork. Finally, please note that participation in the Science Fair is voluntary. Students will be given a timeline and project parameters; however, the work will be self-directed and is to be completed at home. Parents are encouraged to offer emotional support and encouragement, but to allow students to complete the projects by themselves.

Please do not hesitate to contact me with any questions. Thank you very much in advance for your support.

Sincerely,

Lisa Heenan
Chief Academic Officer
